PERSONAL SUMMARY

Polish woman cinematographer. Currently living in the United States. She is a member of Polish Society of Cinematographers. She has worked on numerous award-winning narrative films, documentaries, TV programs, advertising and music videos. She loves challenges and traveling, which is why she has carried out projects across the world working in a wide range of extreme environments and locations, from European glaciers, South Asia, Africa, South and North America as well as studio spaces. Before starting her film career, she represented Poland in alpine skiing with a focus on speed disciplines. Multiple Polish champion. She finished high school in Canada where she continued training, being in the top 20 in the North American Cup. After returning to Poland, she began studying psychology. She worked as a lighting technician for two years before starting film school to study cinematography.
